PRIORITY NUMBER DELAY HOLDS UP HOUSING PROJECT

Just a priority number—that's all it takes to actually start progress on Upland's housing project.

One hundred family units are to be erected on Campus avenue a short distance north of Foothill boulevard and reports from Washington, D. C., this week are to the effect that work may be started.

Before bids can be called, however, it is necessary that a priority number be assigned to the project. Paul F. Schowalter, chairman of the housing commission, explained that all reports to the contrary, nothing more could be done until a federal agency had actually assigned a priority number. No recent word has been received from the war production board, the agency that assigns priority numbers.

BID OPENING NEXT

If and when a priority number is assigned here, contractors will be notified and bids will be opened five days later, according to Mrs. Douglas Black, secretary of the commission. A contract would then be let and actual work could be started—providing materials are available in sufficient quantity.

Specifications call for the project to be completed within four months.

Site of the 100-dwelling project is on the east side of Campus avenue, extending south of the Sierra Vista school ground to a point a short distance south of West street. Brick is to be used in the construction.

COMMUNITY BUILDING

A community building is planned as a part of the project. It will include a social hall, an arts and crafts room, kitchen and offices for the secretary and the directors, and accommodations for a day nursery.

The buildings would be for defense workers only. Of the accommodations for 100 families, four houses would have four bedrooms; 26 houses, three bedrooms, 62 houses, two bedrooms, and eight houses, one bedroom.

Besides Mr. Schowalter, members of the commission are Everett W. Henry, vice-chairman; Henry Busch, Alan A. Couch, and Dr. Lilian F. Baxter.

Odd Fellows Will Confer Degree At Tonight's Meeting

Third degree is to be conferred upon a member of the Ontario lodge during the regular meeting of Upland Odd Fellows lodge to be held this evening in the I. O. O. F. hall.

John Swoap, captain of the degree team, requests the attendance of all members of the team.

The meeting will open at 8 o'clock with Archie J. Robinson, noble grand, presiding.

Bonillas and Lamont Honored at Chaffey

William Bonillas was elected president and James Lamont, first vice-president of the Chaffey junior college associated men students at an election last Friday. All men students of the college are members of the organization.

Other officers include Robert Sargent, second vice-president, and Conrad Stensgaard, secretary and treasurer of the group. Dean Walter A. Hall is adviser.

George Collier, New Ensign, Is Visiting

George L. Collier, who recently was commissioned an ensign in the United States navy, has returned to Upland to visit with his parents, Mr. and Mrs. R. O. Collier, 595 Euclid avenue, and friends.

He was stationed at Notre Dame university for four months and this training period was culminated with the receiving of his commission. Ensign Collier will be in Upland for about a week.

Assemblyman Back From Legislature

R. FRED PRICE

Returning here Sunday night from Sacramento, R. Fred Price, assemblyman is eager to confer with people in this district. He will return to Sacramento prior to the opening of the second half of the legislative session.

PEOPLE INVITED TO MAKE SUGGESTIONS

Back from his first session as a member of the California state legislature, R. Fred Price is reviewing the measures that have been introduced and considering additional measures that might be presented.

"I will be very glad to hear suggestions from local people and to get their ideas as to what might be done to further improve conditions," Mr. Price said today.

He is privileged to submit two additional measures when the legislature convenes for the second session March 8.

"I have some ideas but I would be very pleased to hear from people in my home district," said the assemblyman in cordially inviting conferences.

During the first half of the session, Mr. Price submitted two measures—one freezing $50,000,000 of the state surplus as a post war fund; the other seeking to change the state law permitting three members of the grand jury to serve as hold-over members in the subsequent jury.

Mr. Price has also "co-authored" nearly two score measures, most of them dealing with crime and correction.

The Ontario resident, who was elected to the assembly in November, had high praise for the legislators in general and for Governor Earl Warren. Mr. Price is the representative of this district, the position held formerly by the late Godfrey Andreas.

Eddie Main Returns To Upland As Presser

Eddie Main, who for several years was employed by Pete's Dry Cleaners, has returned to Upland and is working at the same place under a different business name—Erickson's.

Gilmore Erickson, proprietor, has engaged Mr. Main to handle the pressing equipment at the cleaners. While living in Pomona at present, Mr. Maine, with his wife, will move to Upland when suitable facilities can be obtained.

16 INCHES RAIN FALLS IN MONTH

With 16.10 inches of rainfall recorded here last month, January set an all-time record, according to J. R. Johnston, local weather observer. This rain has fallen since January 21.

Since he has been the custodian of the records, no other month had so much rain. One 24-hour period during the January 22-23 storm also produced a record rainfall.

Rainfall total since July 1 is now listed at 21.61 inches, as compared with 8.64 inches a year ago.

STUDENT MURDERED IN CLAREMONT INN AS KNIFE WIELDED

Barlow V. Bowen, part-time Claremont college student and a graduate of Pomona college in 1939, was murdered in the Claremont Inn, Claremont, at 10:30 o'clock last night.

While no arrests had been made by noon today, Claremont police and Los Angeles county deputy sheriffs have a full description of the man being sought.

Bowen, whose home is in South Pasadena, arrived with another man at the Inn and registered for a room at about 7:30 o'clock in the evening. Bowen introduced his companion to the Inn management as "my brother who will spend the evening with me."

Claremont police discovered that Bowen has no brother, officers said.

Bowen was stabbed to death with a pocket knife, Claremont police reported. His punctured body had 11 stabs in the back at the base of the spine and one under each arm, according to Claremont police. A fight between the two men preceded the fatal slashing. Bowen's assailant, injured in the fight, left a trail of blood as he got away down a rear fire escape.

Upland police department was notified of the murder and asked to cooperate in the hunt for the suspect. Later, however, the call was cancelled. Claremont police at noon indicated an arrest was expected momentarily.

60,000 PATIENTS TO BE RECORDED

The gift of a local anonymous philanthropist, a vault for the San Antonio Community hospital record library is today being constructed just north of the hospital building.

It will be large enough to handle the records of 60,000 patients. Its construction is necessary because the records of 40,000 cases have filled to capacity all available storage space. Since its founding, the hospital has served 40,000 persons, according to Dr. A. A. Aita, hospital superintendent.

"At the present rate, the 60,000-record vault will be large enough for about 15 years," commented the official, who also explained that every patient record is cross-indexed in every conceivable manner.

Who was the first patient, how many accidents, how many operations and for what reason, and every other practical angle are subjects for the indexing. Miss Thurma Leabo is the record librarian.

A. M. Starr Given Transfer to Laguna Beach Post Office

A. M. Starr, employed as mail carrier for the Upland post office for the past year and a half, has been transferred to the Laguna Beach postoffice and will begin his duties there at once.

Mrs. Starr has been a member of the clerical staff of the Upland Selective Service board and she recently was welcomed as a member of the Upland Business and Professional Women's club.

Mr. and Mrs. Starr came to Upland from Glendale and during their residence here they have made numerous friends. They are moving today to Balboa, where for the present they will reside at 610 West Central street. They could find a house no nearer to Laguna.

Mr. and Mrs. I. J. Linkey, their daughter, Annette, and son, Dick, moved Saturday to 458 North First avenue, the residence which has been occupied by Mr. and Mrs. Robert Campbell and their family. The Campbell family moved to the house where the Linkeys formerly lived, 248 North Laurel avenue. Both Mr. Linkey and Mr. Campbell are members of the Upland police force.

No Persons Hurt In Traffic Accidents In Upland in 1943

"No fatalities".

That's the boast of some cities when days or weeks pass without any persons being killed in traffic.

Upland, always eager to do things a little better, can boast today that since January 1 no persons have been INJURED in highway accidents.

The January report of the Upland police department reveals that less than a dozen auto accidents occurred here last month and very slight property damage was the result.

With emphasis, therefore, Upland is pointing with pride to its record of no injuries in traffic accidents.

LEMON PICKERS' QUARTERS RUSHED

Men to pick lemons are sorely needed and for that reason the work of constructing suitable quarters by the Upland Lemon Growers association is being rushed. When accommodations are completed, approximately 75 Mexicans, imported to this country, will be available for aid in harvesting the new crop.

A structure just east of the association's packing house will be used as barracks. A kitchen, dining hall and other accommodations are being erected to join the present structure, permit for the new construction having been granted by the city of Upland.

W. C. Jones is in charge of the work for the association.

It is reported that the imported lemon pickers will be located in the new quarters just as soon as the construction is completed.

Brother of Upland Teacher Killed On Duty in Air Corps

Robert Rope, a teacher in the Upland junior high school, and his family, are with his parents in Long Beach this week.

Memorial service for the young aviator and former Long Beach resident is scheduled this week.

THIRD OF VOTERS HERE DROPPED OFF REGISTRATION LIST

Having cast in the 1942 elections the lightest proportionate vote recorded in several years, and beginning 1943 with the lowest registration in 10 years, the voters of Upland are not without company in their trek from the field of politics, it is revealed in figures released today by Walter V. Combs, deputy county clerk in charge of the election department.

Mr. Combs and his staff have just completed the purging of the great register, the complete record of registered voters in the county, removing from the records the names of all those who, for any reason, did not vote in any election during 1942.

This is what they discovered:

Of the 3044 voters registered last year, 1003, or practically 33 per cent, did not vote during the year.

Similar figures throughout the county at first caused Mr. Combs and his clerks considerable concern, until they found that practically the same condition prevails throughout the state. The state vote cast in the general election was approximately 50 per cent.

VOTERS TOO BUSY

The decrease in number of votes cast is believed to be due, not to a lessening of patriotic interest in affairs of the state and the nation, but rather to an increased patriotism that prompted war workers to remain

GARDEN CLASS TO CONVENE TONIGHT

A call to gardeners.

Practical instruction on how to best prepare for a garden; what to plant and how to plant it, and many other timely suggestions will be presented in a course of instruction in the Upland junior high school building starting tonight.

Beginning at 7:30 o'clock, the garden course will be under the direction of Glenn Moody, Chaffey high school instructor.

If an insufficient number of people attend this evening, the course will not be started. The first class session was to have been held a week ago, but due to the lack of interest, the course was postponed until tonight. An eight-week course is contemplated.

The garden class, if popular support justifies it, will be conducted every Tuesday night for at least eight weeks.

ROTARY DISCUSSES LOCAL PROBLEMS

Soldiers go out from Upland quite often—and there is no public recognition made of their departure.

Men come here the day or night before from many desert points to be present for the draft call—and there is no place for them to stay.

These and other community problems were discussed at the meeting of the Upland Rotary club at noon today. The meeting, arranged by the community service committee, was held in the Red Hill Country club house.

Perhaps some definite improvement may be made along this line as the result of the interesting and informal discussion. The community as a shopping center and what improvements might be made were also discussed.

Those appearing on the program were Will F. Rugg, Frank K. Nichols, Albert C. Reynolds and William Beard. Mrs. Earl H. Johnson and S. Earle Blakeslee were present to discuss the civic concert series at Chaffey.

Richard G. Manley served as program chairman and President Ernest Tweed Stone was in charge of the meeting.

Know Your Policemen

Alfred Bolsta Turns Policeman After Observing Cops on Duty

(This is the second of a series of stories about members of the Upland police and fire department.)

ALFRED BOLSTA

Among the new members of the Upland police department is Alfred Bolsta, who resides with his family at 874 Washington boulevard. Mr. and Mrs. Bolsta are the parents of two sons, Leon, age 9, in the fifth grade, and Glen, age 5, a kindergartner.

Mr. Bolsta enjoys his work—and he acts like it. A good-natured "cop", the new officer gave up the steering wheel of a large truck to take over his duties as a law enforcement officer.

"As a truck driver, I very often saw the highway patrolmen," commented Mr. Bolsta, whose connection with the city began November 9, 1942. "I always regarded them as very high calibre men. While a truck driver, I looked to the time of really settling down. When I heard of an opportunity to become a policeman in Upland, I lost no time in applying."

A man obtains a place on the Upland department only through competitive examinations and through a merit system. Mr. Bolsta qualified with a high rating and in due time he began his duties as a patrolman.

As his first arrest, he gave a ticket to a motorist for failing to observe the stop sign at Euclid avenue and Foothill boulevard.

"How did it feel to be handing out tickets when it used to be that you were among the regular motorists on the highway?" he was asked.

And came the reply: "Well, I think I did it all right."

At present he is serving "on the desk" at headquarters. His jovial demeanor comes in good stead there. One moment he is on the receiving end of a radio call; the next he is signing up a prisoner. And next in line, he may be giving a receipt for a business license. A police officer has to do about everything. And Bolsta can do that.

Victim Army Plane Crash Is Accorded Military Funeral

With military honors being accorded, funeral service was held at 2:30 Monday afternoon in St. Mark's Episcopal church for Guy L. Archambeau, member of the army air corps, who lost his life in an airplane crash.

The service was conducted by the rector, the Rev. John A. Luther, with Lieutenant Blaylock, chaplain at the Ontario Army Air field, assisting.

Herbert E. Gray, accompanied at the organ by Mrs. Gray, sang the "Lord's Prayer", and he led the congregation in singing the hymns, "Nearer My God to Thee" and "Jesus Calls Us".

Interment occurred in Bellevue cemetery, where a salute was fired over the flag-draped casket and the buglar sounded taps.

The pallbearers and the firing squad were from the Ontario Army Air field and included Sergeants C. S. Meines, K. W. Estey, N. D. Gasparine and A. Cassell; Corporals E. Evans, J. J. Masek and H. R. Robison; Privates S. M. Matskanian and S. T. Bruzdowski.

Uplander Hurt In Car-Pedestrian Crash

While walking south on Campus avenue, Charles Kenyon, who makes his home at 711 Washington boulevard, was struck by an automobile this morning and suffered a slight concussion and cuts and bruises over his body. The accident occurred near Eighth street.

Driver of the machine was Robert H. Ponce, 395 Tenth avenue, who was given citations by Upland police for driving without a license and for operating a car with defective brakes.

Mr. Kenyon was given emergency treatment at the San Antonio Community hospital and removed to the home of Philip Dowse.

MRS. DAVID ALLEN WINS $92 JACK POT

Postponing a trip to see a neighbor "until after 7 o'clock", Mrs. David Allen, 153 Twelfth avenue, was all prepared to greet the dividend day man last night.

As the result of being prepared with sales slips, Mrs. Allen won $92 out of the jack-pot.

A very few minutes earlier, Mrs. W. W. Phipps, who resides on West Eighth street at Mountain avenue, had to refuse $192. She did not qualify with the sales slips and thus was unable to accept the total jack-pot.

Mrs. Phipps' address, 1216 West Eighth street, was selected by Miss Darelene Mayberry. She selected page 14, line 73 in The Upland News residential directory.

Unable to accept the $192, Mrs. Phipps drew two numbers to determine the new address and the next person to receive the second offer of $92. This selection on page 11 of the directory resulted in a call at the Allen home.

As was announced last Friday, the total jack-pot of $192 would be offered in the first drawing. For additional drawings, if necessary, the sum of $92 would be offered.

Mrs. Allen, who has faithfully been hoping for the time when she would win, "hit the $92 jack-pot".

Repairs at Junior High Delayed Due to Material Shortage

Due to delays in obtaining materials, the fire-damaged portion of the Upland junior high school will not be completed for a week or more, according to Superintendent Harold W. Cook.

Until recently it had been expected all of the school building could be used starting Monday, opening of the second term.

IT'S EASY TO WIN; $15 IN FOOD FUND

The food advertising fund for this week totals $15.

The Upland News presented Mrs. Flora S. Allen, 460 Third avenue, $25 last Thursday, since she had obtained sales slips to qualify for the award.

And so the fund is at the $15 start again this week.

How to win? It's easy. All that is necessary is to buy food on Wednesday or Thursday totaling $1. The food purchases are to be made at the stores advertising in today's Upland News.

Food stores eligible to give out sales slips for The News fund are Safeway, Anderson's, Lee's market, Johnson's grocery, Walker's market, Olson's market, and Clint's produce.

MANY HOUSES AND GROVES FIGURE IN REAL ESTATE SALES

One business in Upland that has not felt the adverse effects of priorities and rationing is the buying and selling of real property. In unprecedented numbers residences are changing hands as the result of real estate transactions.

Many houses and citrus groves have figured in recent deals, according to a survey made today.

FRANCE HOME SOLD

Mr. and Mrs. Arthur Call, who came to Upland from Cloverdale, Ore., on January 20, have purchased the Elmer France home at 577 North Eighth avenue, and are now occupying their newly acquired property. They have two daughters, Reta and Donna, the latter being a grade school student.

Mr. and Mrs. France moved to 709 North Third avenue, the property they purchased some time ago from Mr. and Mrs. James Bucher, who now are doing missionary work in Oregon. The building is a duplex and one unit is occupied by Mr. and Mrs. Odis R. Baker, son-in-law and daughter of Mr. and Mrs. France, and their family.

WILDES PURCHASE HOME

Mr. and Mrs. Henry E. Wilde, who have been residing at 440 West street, have purchased the five-room residence at 1190 North Fifth avenue and will move into their new home later this week. The property, vacated today by Mr. and Mrs. A. M. Starr, who are moving to Balboa, was purchased from C .B. Boothe, 990 North Fifth avenue.

The 10-acre orange and lemon grove on Seventeenth street just west of San Antonio avenue, was sold recently by Arthur H. Lake of Claremont to Arthur H. Magill of Ontario. Mr. Lake has owned the property for a number of years.

Another grove, five acres of navel oranges on Arrow highway west of Mountain avenue, owned by C. A. Martin of West street, has been purchased by V. A. Copeland, 263 North Palm avenue, and Dwight Decker, Ontario, members of the firm of Copeland & Decker.

Neither of these groves is improved with a residence. Both deals were made by Leigh Thompson.

A number of other real estate deals have been recorded in recent weeks and several sales are in the course of being made at the present time.

For several months local real estate agents have reported unusually brisk demand for residential property with some inquiries for citrus groves.

John B. Heinecke, Tail Gunner, Gets In Press Spotlight

Another Upland flying ace and No. 1 fighter is receiving press and radio mention for feats performed in the war zone.

Sergt. John B. Heinecke, son of Mr. and Mrs. E. D. Heinecke of West Twenty-fifth street, is a tail gunner on a Flying Fortress, and Monday he was one of the intrepid American airmen credited with bringing down 19 Nazi planes on the Tunisian front. Previously Heinecke mowed down German planes in major raids over Europe. Press dispatches refer to young Heinecke as "an expert sharp-shooter".

First Lieutenant Gene B. Fetrow, son of Mr. and Mrs. Paul Fetrow of Wilson avenue, has "made" front page press and radio news on several occasions. The most recent recognition given his exploits as a fighter pilot was the presentation of the oak leaves medal. He already had received two decorations for distinguished service.

Leslie Standlea, who was in training at New London, Conn., has returned to Upland, and will be here indefinitely, pending the receipt of new military orders to placement in a federal position. He is the son of Mr. and Mrs. U. S. Standlea.

Flynn Helps Out By Withdrawing His Name—

The nation thanks Edward J. Flynn. He is the man President Franklin D. Roosevelt had nominated as minister to Australia.

He is the man whose political record has been the subject of discussion in and out of Congress and by commentators across the land.

With a nation at war, there is nothing quite so disgusting as legislators wasting precious time arguing over political appointments. Mr. Flynn withdrew his name on the eve of a Congressional vote over his nomination.

For that act, "Political Boss" Flynn should be favorably remembered—for a short time.

Pensioners Should Be Allowed To Work—Tell Fred Price That

There are reports coming from Sacramento that the legislators may give the "pensioners a better deal".

Many of the local pensioners, we believe, want to work. Part of the "better deal" would be a change in the law permitting them to work and at the same time not endanger their right to receive their checks.

Many jobs are available and many elderly men and women now idle, would work if the pension laws were changed.

If you favor this kind of a change in the pension law, it is timely to call R. Fred Price, assemblyman. He has just returned from the first part of the legislative session.

$825 Spent For Each of Us—

If $108,903,047,923 is spent by the federal government during the coming fiscal year, the average per capita expenditure will be $825.

During the peak year of World War No. 1, the average per capita expenditure was $176.50. In the peak year of the Civil war, the government spend the then staggering total of $37.01 per capita.

With approximately 200 members of the church and residents of the community in attendance, the Rev. Donald G. Stewart, who has been serving the Upland Presbyterian church as pastor-elect for the past several weeks, was formally installed as pastor during a vesper service held in the church Sunday afternoon.

A number of ministers of various southland cities were present to participate in the service.

The Rev. John Cavitt, pastor of the First Presbyterian church in San Bernardino and moderator of the Riverside Presbytery, presided, and the address was given by the Rev. David McMartin of the Beaumont church.

RECEPTION HELD

Following the vesper service, a reception, sponsored by the Presbyterian Women's association, Mrs. M. H. Moremen, president, was held in the church social hall in honor of the Rev. Mr. Stewart and Mrs. Stewart.

The hall had been furnished to resemble a living room in a private home and was brightened with spring flowers. Gracing the tea table was an arrangement of white, pink and orchid sweet peas and Dutch iris, combined with candles in the same pastel shades. The decorations were arranged by Mrs. H. S. Bailey.

Presiding at the tea table were Mrs. T. M. Nichols, Mrs. R. E. Van Ness, Mrs. A. P. Moremen and Mrs. F. W. Palmer.

68 BABIES BORN HERE IN JANUARY

While it is not a birth record for the city, a total of 68 youngsters first saw the light of this world in Upland during January, according to Ray C. Norton, recorder of vital statistics here.

Fifteen deaths in the month were also recorded by Mr. Norton. In January of 1942, 30 births were recorded here.

The San Antonio Community hospital, however, established a new record in January, 51 babies being born there last month, according to Dr. A. A. Aita, superintendent.

If prices of civilian goods are held to present control levels until January 1, 1944, consumers will have saved an average of $170 for every man, woman and child in the country.

LOCAL C. E. GROUP TO OBSERVE WEEK

Christian Endeavor society of the First Mennonite church will participate in the nation-wide observance of Christian Endeavor week by taking charge of the mid-week prayer meeting at that church Wednesday evening.

Albert Landis is general superintendent of the local C. S. society, which is divided into four groups — juniors, high school, senior young people and adults.

Two of the high school group hold office in the county organization, Merrill Landis, president of the group, being county Lookout chairman, and Miss Gwen Cline serving as county social chairman. Miss Cline also helps each month in editing the county paper in San Bernardino.

At the present time the high school group of the church has charge of the devotional period at each Sunday evening service at the church.

PRESIDENT'S MESSAGE

In a suggested program sent to the several societies in the county, Ola C. Dennis, president of San Bernardino County C. E. Union, says:

Christian Endeavor is the realization of the dreams and prayers of one young minister, Rev Francis E. Clark of Portland, Me., who organized the first C. E. society in 1881. He devoted his entire time until his death in 1927 to this movement. He was ably assisted by his wife, who at 92 years of age is still "Mother Clark" to Christian Endeavorers all over the world.

C. E. Week, 1943, is a time for facing forward—a time to meet the challenge of the present crisis and to begin to build for a better future! C. E. Week calls for young people everywhere to realize that freedom depends upon the continual and constructive practice of the principles of Christianity.

JOSE ITURBI WILL APPEAR ON FEB. 9

Success of Jose Iturbi has been of the Paderewiski order in America, according to the critics. He conquered New York and other great cities quickly and completely, and his success has increased since he first appeared in 1929. Iturbi comes to the Civic auditorium for the first time on February 9 as the third member of the Civic Concert series.

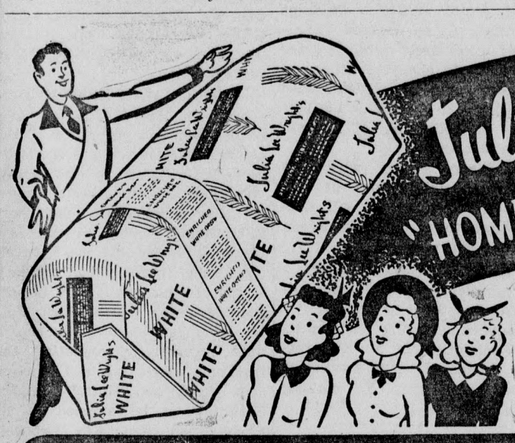

In a little more than three months after Iturbi made his first appearance in America, his name became a household word. His first tour included concerts with orchestras under Stokowski, Mengelberg, Reiner, and Stock. He was heard in New York alone ten times, including the apparance with the Philharmonic-Symphony and three sold-out Carnegia Hall concerts.

In 1931 Iturbi played 31 concerts from coast to coast in a second American tour, including playing with the Los Angeles and San Francisco Philharmonic orchestras. His third and fourth American tours were equally sensational. During his sixth and seventh in 1934-35 and 1935-36, he averaged fifty piano recitals a season, conducted orchestras from Los Angeles to Philadelphia.

PRESBYTERIANS TO HEAR DR. WHITE

A program of much interest has been arranged for the monthly meeting of the Women's Association of the Presbyterian church, to be held Thursday in the social hall of the church, according to announcement made today by the president, Mrs. Merrill H. Moremen.

Dr. F. J. White of Upland, who spent more than thirty years in China and has given much study to affairs of both China and Japan, will address the group at the afternoon session on "War and Peace in the Pacific". His talk will concern the attitude of Christians toward Japan both now and after the war.

Mrs. Edith S. Troeller will have charge of the devotional period.

Mrs. Moremen will open the morning session at 11 o'clock. In addition to the regular business, reports will be given of the meeting of Riverside Presbyterial held in San Bernardino last week.

The group headed by Mrs. Harry M. Guy will serve the noon luncheon, and those planning to attend are asked to make reservations with Mrs. Guy.

THURSDAY NOON IS LICENSE DEADLINE

With approximately 1,500 applications for motor car licenses received up to noon today at the Upland chamber of commerce office, Mrs. Frank Wiley, assistant secretary, is expecting a last hour rush of motor car owners before the deadline Thursday.

Applications for licenses will be received until 12 noon, Thursday, but no later, and Mrs. Wiley expresses the hope that most of those who have delayed applying for their 1943 car licenses will do so on Wednesday.

L. E. Kronmeyer, state highway patrolman, as a special service to his fellow Upland residents, picks up the applications each day and takes them to San Bernardino a few days later bringing back the blue slips that are being issued by the state. These blue slips are to be carried until the metal license tags can be manufactured.

Mrs. Wiley says it is necessary for car owners to secure these blue slips at once and she would like for those who have made application for licenses up to the first of this week to come to the chamber office and get their blue slips—they are beginning to pile up.

When the metal tags are available they will be mailed out by the state motor vehicle department.

Thursday noon is the deadline for applying for 1943 licenses.

Statisticians Are Sought for Jobs

Complex problems connected with the war have created in federal agencies a heavy demand for economists, statisticians, and transportation specialists, John Bice, local secretary for the United States Civil Service Commission announced today. Accounting assistants are also required.

Very much needed are economists and statisticians to assist Federal agencies conduct studies and analyses relative to commodities, industries, prices, markets, international economics, and many other fields. Men and women with at least five years of appropriate college study or experience are sought, Mr. Bice said.

METHODIST WOMEN TO HEAR SPEAKER

The four circles of the Christian Social Relations and Local Activities Group of the First Methodist church will hold their regular monthly meetings Thursday, all meeting at the church at 10 a. m.

Separate sessions will be held and the usual business will be given attention by each circle.

Luncheon for all circles will be served in Fellowship hall during the noon hour by members of the Willing Workers circle.

At 1 o'clock, Mrs. Harold J. Stickney, new president of the Women's Society of Christian Service, will conduct a business session, after which Mrs. Bert L. Cooper of Claremont will address the group on "Latin America".

They were engaged to be married, and he was proudly relating his former adventures in Africa.

"I had to hack my way," said he, "through almost impenetrable jungle, chopping, slashing at thick undergrowth and trees."

"Oh, George!" said she. "You'll do fine when you have to weed the garden!"

Mrs. Smith — I wonder if you would be so kind as to weigh this package for me?

Butcher — Why, certainly; it weighs exactly three and a quarter pounds.

Mrs. Smith—Thank you; it contains the bones you sent me in that four-pound roast yesterday.

Government Wants College Women to Work as Engineers

There is a great demand in the government for civilian junior engineers. Women with college degrees in any field may now qualify for junior engineer positions in the Federal Civil Service by taking a short tuition-free course, John E. Bice, U. S. Civil Service representative, announced today.

Persons who successfully complete the course and who are otherwise qualified are eligible for junior engineer positions paying an entrance salary of $2,000 a year in Washington, D. C., and throughout the Uniter States. All appointments will be war service appointments.

College graduates who have not yet turned their efforts to war tasks are urged to secure complete information about the course from the nearest institution which offers college engineering training. Selection of enrollees may be based on personal interviews combined with aptitude tests at the institution where the course is to be given.

SCARCITY OF HANGERS

We have just been advised by our wholesalers that we can obtain only 25 per cent of our requirements each month.
